Welcome to the 2014 school year. Already we have begun many programs and activities to support the academic, cultural and sporting needs of our students. To put all our programs and activities into context, we are guided by the strategic priorities in our school plan. This plan can be accessed on the school website at warnersbay-h.school@det.nsw.edu.au.

In summary, the school identified priority areas are:

1. Continuous improvement in student learning outcomes achieved in HSC, NAPLAN-Literacy, NAPLAN-Numeracy and ESSA results.
2. Information Communication Technology (ICT) engages, extends and deepens student learning and understanding.
3. The curriculum and school programs position students for post school employment opportunities with Asian countries and/or culture.
4. The WBHS community of schools reflects a strong and connected learning community in curriculum, student welfare, staff professional learning and ICT.

Other significant initiatives: staff and students build a strong culture of success, innovation and participation within the school.

Within each focus area there are explicit strategies, led by the executive, together with anticipated outcomes and funding.

Variation to School Development Days (SDD) on the last two days of Term 4.

In line with DEC SDD Guidelines (2-13), Warners Bay High school will vary the SDD scheduled for Friday 19 December. The re-scheduled day for Teaching Service staff will occur on Friday 11 July, 2014. The program during that day will include a keynote address from James Nottingham focusing on our Visible Learning focus area. Visible Learning is a program based on listening to students (student voice) in terms of what works best for them in their learning, and teacher reflection in terms of how they adjust their teaching practices to meet students’ learning needs. Staff unable to attend the re-scheduled Professional Learning (PL) day in July, will be required to attend school on Friday 19 December. A similar PL program based on the July program will be delivered on that day. Please note, the last day for students is Wednesday 17 December therefore the re-scheduling of 19 December to 11 July will not affect students. The school will be open on 19 December.

Congratulations must go to Laura Robertson and Beth Gleeson who, along with their sisters and various relatives, have formed a local band called “The Soorleys”. Their five song EP album has made the top 10 in the New Zealand charts and is selling wonderfully across Australia. Congratulations to the Robertson family! Over the years we have had a number of students who have taken their music to the music industry with outstanding success.
Congratulations also to Gabrielle McCulloch (7) and Brook McCulloch (8) who were placed second in the All Stars East Coast Cheer Leading competition. Whilst not a school based activity it is still wonderful to share the successes of our students.

Please continue to send me the details of our students’ successes, either via a phone message or email to the school.

New staff: We welcome Mr Andrew Glazebrook (Head Teacher Secondary Studies), Mr Ben Pickering (Science), Mr Mark Harrison (School Counsellor), Ms Kayla Newton (PD/H/PE), Mr Russell Galt (Mathematics) and Ms Kate Robertson (Student Welfare Officer). We say farewell to Mr Paul Lorenzen (Science), Mr Stephen Bruce (Student Welfare Officer) and Ms Sylvia De Nardi (School Counsellor).

We welcome also parents and carers of our 223 Year 7 students and parents and carers of new students in each year group. The actual enrolment numbers for 2014 are as follows:

Year 7: 223  
Year 8: 258  
Year 9: 230  
Year 10: 246  
Year 11: 233  
Year 12: 180  
Total: 1,370

All students are wonderfully supported by our Year Advisers:

Year 7 – Ms Nina Parker-Kennedy and Mr Brendan Mackay  
Year 8 – Ms Marjory Drummond and Mr Michael Morrissey  
Year 9 – Mrs Donna Weston and Mr Ashley Forbes  
Year 10 – Mr Leigh Ford and Ms Peggy Mangovski  
Year 11 – Mrs Janina Mulry and Ms Maria Presutti  
Year 12 – Mrs Alison Corliss and Ms Charmaine Gillies

Finally, thank you for choosing Warners Bay High School for the education of your child/children. In the near future you will receive a hard copy or electronic copy (if you have elected to have your Bay Bulletin sent electronically) of our academic, sporting and cultural achievements for the 2013 school year.

I look forward to your ongoing support.

Dr Sharon Parkes  
Principal.

**Student Welfare Officer**

Hello my name is Kate Robertson. I am starting out in the ongoing position of Student Welfare Officer. I have had my own children at this great school for over ten years and am keen to catch up with students and parents over the year. To add to the connection opportunities we already have for Year 7, I will be starting a card playing activity in the year area called ‘Switchcomp’.

---

**Warners Bay High School P&C Association**

Welcome back to another year at Warners Bay High School. We’re all looking forward to another great year. Why not start the New Year by getting involved in your child’s education, and what better way than by attending our monthly P & C meetings. Everyone is more than welcome.

The first P & C meeting for the year will be held in Room H1 on Tuesday, 25 February at 7.00pm for a 7.30pm start. At 7.00pm we will again start with some social time where everyone can talk over a drink and something to eat.

The school canteen, which is the P & C’s major income source, has started another year running very smoothly thanks to Wendy and Marj and the dedication of the volunteers. The profits from the canteen will enable the continued funding of much needed resources to enhance your child’s educational experience. If you have a free day once a month, why not volunteer on the canteen? Your help is always appreciated and this is another way to support your child and keep up-to-date with what’s happening at the school.

This year we will be continuing our regular presentations at each general meeting. The first presentation for the year will be delivered by Ms Carly Hart on ‘TAS – Food Technology’. Come and use this opportunity to get valuable information on school programs.

We would like to again extend an invitation to attend our next meeting. Come and use this opportunity to get to know the Principal, some of the school executive and other parents in the relaxed atmosphere of a P & C meeting. We look forward to seeing you and receiving your continued support.

Phillip Jones  
President.

---

**Warners Bay High School**

“Quality Education for All”
DEPUTY PRINCIPAL
(WELFARE / ADMIN)

LACK OF SELF DISCIPLINE LEADING TO SUSPENSION

My major role within the school is in the Welfare / Discipline area. While the overwhelming majority of students “do the right thing” and responsibility to follow the school Code of Behaviour (which is printed for you in this Bulletin), there are times when students need to be reminded of the Code and their responsibilities. Most of the time students need only a gentle reminder, but if such misbehaviour continues, there will be some consequences at school, and we will let you know via a letter, which is commonly called a “Referral”.

From time to time students are suspended from school because of their failure to comply with the rules and our expectations of behaviour. A suspension provides time when parents and the school can work together to assist students to modify and manage their behaviour.

The Department of Education and Communities’ policy Suspension and Expulsion of School Students – Procedures sets out that students can be placed on a short suspension (up to four days) because of:

**Continued disobedience**. This includes but is not limited to, breaches of the school discipline code such as: refusal to follow staff instructions; defiance; disrupting other students; minor criminal behaviour related to the school; use of alcohol; or persistent use of tobacco.

**Aggressive Behaviour**. This includes, but is not limited to: hostile behaviour directed towards students, members of staff or other persons, including verbal abuse and abuse transmitted electronically, such as via email or SMS text messages.

If a suspension occurs related to the above reasons, parents will generally have been previously notified that their child has not complied with the school’s expected standards of behaviour. This notification notes that continued non-compliance could lead to suspension.

If short suspensions have not resolved an issue then the school can impose a long suspension for persistent misbehaviour.

If the behaviour is serious and the safety of staff or students has been threatened, then a long suspension (up to and including 20 days) must be imposed on any student who:

- **is physically violent**. Any student who is physically violent, resulting in pain or injury, or who seriously interferes with the safety and wellbeing of other students, staff or other persons, is to be suspended immediately. The matter must be reported to the Police.

- **in possession of a firearm, prohibited weapon or knife (without reasonable cause)**. The matter must be reported to the NSW Police immediately.

- **uses, or is in possession of, a suspected illegal substance** or supplies a restricted substance.

School rules are in place to ensure the health and safety of all students and staff. The most common misbehaviours at Warners Bay High School that have led to suspension are:

- fighting / hitting other students / “mucking around” which causes harm, embarrassment or injury to another student.

- encouraging / inciting a fight to take place (this can include supporting a student by going to confront another student in the playground, or inciting violence through rumour and / or gossip).

- aggressive and abusive language directed to staff or visitors.

- continual disobedience of staff requests/instructions.

The bullying of others can lead to suspension if it continues after a range of welfare and intervention procedures (eg mediation) are unsuccessful. These strategies have proven to be very successful. These procedures are explained to all Year 7 students during workshops held in Term 1, and all other students are reminded continuously.

If you would like to discuss the Suspension and Expulsion Policy with me, or any other aspect of our Discipline Procedures, please ring the school and I will organise an interview.

**ROAD SAFETY**

Every month, on average, I receive a phone call or letter regarding a near accident on the roads around the school. Students from the school have run out in front of traffic, ridden bikes in a dangerous manner, even disobeyed the “Don’t Walk” traffic signals.

While I remind students about the danger of these actions, the phone calls continue, and I suspect that there are many “near misses” of which I am unaware. It would be appreciated if you would continue to discuss issues regarding road safety with your children.

**AEROSOL CANS**

Aerosol cans are banned from the school because their use can cause severe allergic reactions in a number of our students. Could I ask parents to be aware of this ban? Roll on deodorants are available and can be used at school if necessary.

**MONDAY PERIOD 8**

As part of the established timetable for the school, timetabled lessons finish at the end of Period 7 (2.41pm) on Mondays. Students normally leave the school at this time.

Students who plan to travel home by bus on Mondays are expected to remain in the school quadrangle, where supervision is provided. Because of legal issues associated with duty of care, students are not permitted to leave the school grounds to visit local shops and then return to the school to catch buses.
If parents wish to vary these arrangements they should contact me at the beginning of each year.

PARKING

Parking spaces outside the school are limited and the area is patrolled by traffic rangers from LMCC. **Parents are asked not to enter the school grounds to drop off or pick up students.**

The entrance to the bottom carpark near North Creek is not a drop off space and it is dangerous to attempt to drop off students there.

Parents are able to drop off and pick up students in Myles Avenue in the “No Parking” section near the turning bay.

BULLYING

The school has a detailed policy to deal with bullying and cyber bullying. It is very important that the school and parents work together to deal with issues of conflict, harassment and bullying. If you believe that there are issues please contact me, Mrs Riley, the Head Teacher Welfare or your child’s Year Adviser.

Mr Neil Best
Deputy Principal

---

### ATTENDANCE PROCEDURES

In order to maintain an accurate record of student attendance we must rely upon all students and their parents/carers to follow correct procedure.

**Late students** – Students have been informed that they must swipe in with their card or see the office staff for a manual check in whilst waiting for a new one if lost. Students can order a new ID card for $5 at the Front Office.

Students who arrive late without a note need to bring in a note the next day with a valid reason for their not arriving on time. If a student sleeps in or is late for some other reason relating to lack of organisation or negligence on their part and the absence can therefore not be explained with a valid reason, it will remain an unexplained absence and appear on their report at the end of the semester.

Valid reasons include absences due to illness (S) or extracurricular commitments such as sport, funeral, family holidays etc. (L).

Students who arrive at school late without “swiping on” are essentially trespassing and will be asked to go to the office straight away. An excessive number of late arrivals without valid reason will result in the school’s disciplinary code being enforced.

**Whole Day Absences** – the same rules apply to removing unexplained absences from the student’s record. The reason on the note must be a valid Sick (S) or Leave (L) excuse. A reminder to Years 10-12 parents/carers that the achievement of the various school certificates at each year level is placed in jeopardy when attendance falls below the 85% standard.

**School Clinic** – there have been a number of instances of students calling their parents/carers when sick and not notifying the office. The procedure is that a sick student will present themselves to the office either in person at recess or lunch or via a teacher note from class. The office will then organise a parent/carer pickup whilst the student waits in Sick Bay.

**School Absence Exemptions** – where the child is planning or currently experiencing an extended absence from school an exemption form can be obtained from the office. This is typically used by students who may have a long-term illness or plays sport at an elite level. These absences, if approved, will not appear on their school record.

Any attendance-related enquiries can be directed to Mr Husband on the school number.

Mr T.R. Husband
HT Admin, Technology, VET
CAPA News

Our CAPA staff and students have started 2014 with great gusto! Our Year 12 Drama students have already travelled to see Onstage, the BOSTES showcase for HSC excellence in Drama. The students had a very enjoyable experience and it will provide great initiative and momentum towards their own performances this year. Thank you to Mrs Monk for her organisation and to Mr Forbes for his wonderful bus driving skills.

Our Music and Drama students and staff are busily working towards our major CAPA event this year, the School Musical – “It’s Worth a Shot”

This year’s whole school production is the result of Year 12 Drama students using their creativity to compose a play that combines elements of Peter Pan with conscription and the war in Vietnam. A mixture of contemporary songs like “Dear Mr President” and hit songs of the 1960’s and 1970’s for example, “Give Peace a Chance” will be included in this production which will be on in Week Two Term Two. Students from all years will be involved. Ticket prices will be confirmed closer to the time but put Thursday, 7 May, Friday, 8 May and Saturday, 9 May into your diaries. Mrs Monk, Mr Forbes, Mrs Fairhall and Mr English look forward to working with our talented students and hope you come to see that “It’s Worth a Shot”!

The Visual Arts members of the CAPA Faculty have again been recognised for their best practice in artistic pedagogy. After approaching our Principal, Dr Parkes, Newcastle University has successfully joined forces with our team to create school and university links with final year education students. We are understandably very excited about this as it will provide our prospective educators in the Visual Arts with a wonderful, rich experience. In return, our Visual Arts teachers and students will gain firsthand experience in contemporary art practice through student mentoring and technical demonstrations that have previously been out of reach.

The first of a series of discussion and class visitations begins this term and will continue throughout this semester. I look forward to a wonderful and long relationship between Warners Bay High School and Newcastle University.

The Art Gallery of New South Wales have also acknowledged the wonderful achievements of our Visual Arts team and have requested our involvement in a series of discussions and seminars on best practice in the HSC. This is a highly prestigious event and our school has been selected to present a discussion on best practice in the Visual Arts classroom. As I will be on Long Service Leave, this will be presented by Donna Pfister, one of our very experienced teachers of Year 12. She will be joined by Jana Walker, a 2013 HSC Visual Arts student whose beautiful drawings are on display in ARTEXPRESS at the gallery. It is wonderful recognition of our success at HSC level and of the collegial framework we provide for staff and students.

Year 8 Visual Arts have just returned from a fantastic excursion to the inner city of Newcastle where they were involved in sand sculpting, filmmaking and photographic recording. Students also had the great fortune to visit the Newcastle Regional Gallery where they viewed a Brett Whiteley exhibition and a recently completed public artwork by an emerging young Australian artist and former Novocastrian, Lucas Grogan. Lucas is a very accomplished and diverse young artist based in Melbourne and has had his works displayed around Australia in a variety of public and private galleries.

Years 12 and 11 Visual Arts are off to see ARTEXPRESS at the Art Gallery of NSW and The Armoury and our HSC Music students are visiting ENCORE later this term. Thank you to staff for organising these opportunities for our students and providing them with explicit examples of best practice in the HSC. The momentum that this provides for our senior students is invaluable.

As teachers of creative subjects, it is always wonderful when you hear of success stories out in the ‘real world’. There are three such stories that demonstrate the value of creativity in young people’s lives.

Patrick Fisher, a former WBHS School Captain and HSC Visual Arts student recently had his first solo exhibition. Patrick had his mesmerising sculptures on display over the Xmas break in a Hunter Street gallery. His work is extremely detailed and reflects the conceptual ideas with which he approached his HSC works. Well done Patrick!

Jessica Kellar, another former HSC Visual Artist is having outstanding success with two exhibitions under her belt. Her work has recently featured in The Cooks Hill Gallery and Back to Back Gallery and all works were sold before the openings! Jessica is definitely a young artist to watch and we will happily share her success with much pride.

“The Soorley’s”, a highly successful group of musicians are rising up the New Zealand charts and are destined for musical greatness if their recent song is anything to go on. The group consists of the four Robertson sisters who have all attended Warners Bay High School over the last 5 years.

Beth, Shelley, Laura and Millie are true CAPA ‘off springs’ having all been involved in Music, Visual Arts and Drama for their HSC. Nathan Robertson, their younger brother, is in Year 10 and has already demonstrated the same family talent in our MAD nights and Soiree’s. Congratulations to the girls and their significant others who feature in the group and film clip.

I think, more importantly, the Robertson girls should be congratulated for the charm and enthusiasm with which they have embraced all that life has offered them, whether it was HSC opportunities or International musical success. You can view their recent clip on the link below. We wish them much success! http://www.youtube.com/watch?v=CCT6AnUoaRw

Trudy Farmer
HTCAPA
Mock Trial Success in 2013

During Year 11 our Legal Studies students were given the opportunity to participate in the Mock Trial Competition run by the NSW Law Society. This prestigious competition involves teams from different schools competing against each other by arguing a legal case before a magistrate. Each round operates in a similar fashion to a real criminal or civil court case.

In 2013 179 schools from all around NSW entered the Mock Trial competition. Warners Bay High achieved an excellent result in reaching the Grand Final. We were the best performing school in the Hunter and Central Coast region and the best performing public school in the NSW overall.

The Grand Final was held at Sydney University on December 13. Presiding over the trial was a panel of three judges including Supreme Court Judge, Justice Judy Ward. Our team finished the competition as runners-up to Chevalier College from Bowral.

Our team were all superb on the day and put on their best performance of the year. As an indication of how close the final was, it took the judges 45 minutes to reach a decision. In addition, our second barrister, Mark Peters, won the Sydney University Best Advocacy Prize for best performance on the day.

I am really proud of the team and this outstanding result. It was a long competition requiring dedication, commitment and hard work. All the students worked as a team throughout the year supporting and helping each other.

Congratulations go to the team of Jordan Elliott, Mark Peters, Corey Sills, Jackson Vaughan, Hamish Broadhurst-Tynan and Taylah John Ham.

I’d like to extend our thanks to the team’s advising solicitor, Chris Ryan and to retired WBHS teacher Mark Bright for their wonderful insights and legal expertise. I’d also like to thank all the parents and grandparents who assisted with transporting students to and from venues throughout the year.

Congratulations to everyone involved.

Mrs Kendall Dieleman
Mock Trial Co-ordinator
SCIENCE NEWS

Welcome to a new and exciting year in the Science Faculty. We have some wonderful practical experiences and opportunities planned for all students this year, beginning with our annual Year 12 Biology Zoo Snooze excursion on Tuesday 25 February.

There are a few staff changes for this year. Mr Thompson is on an adventure for the next 12 months and will rejoin us in 2015. We have welcomed a new permanent staff member, Mr Ben Pickering, along with Mr Damon Tindall who will be with us for Term 1.

All Year 11 students studying one or more of the Sciences should have a study folder at home to organise and summarise the work being done in class. Each folder should have five sections:

1. A copy of the course syllabus which can be found on the BOS website;
2. Sheets with verb definitions and scaffolds;
3. Course summaries which students complete as homework;
4. Other summaries tools such as flashcards and mind maps;
5. Copies of completed homework sheets and assessment tasks. These folders are a valuable resource for students when exam time comes around.

Year 10 are currently studying the Materials Topic. They also have their major independent research project (SIP) which is due in Week 7. This involves students designing and carrying out an experiment to test a hypothesis. Students need to present their experiment as a written scientific report. A copy of the instructions and marking guidelines can be found on Moodle.

Year 10 has also been given an assessment schedule for the year. Please check this schedule so that you are aware of when assessment tasks are occurring.

Year 9 are currently studying Ecosystems. This is the first topic in the new Stage 5 Australian Curriculum. Students also have a homework task which is due in Week 6 and will complete a Skills Task in Week 8.

Year 8 are learning about Microbes. They also have a homework task which is due in week 6 and will complete a Skills Task in week 8.

Year 7 are learning to Work as a Scientist. Students also have a homework task which is due in Week 6 and will complete a Skills Task in Week 8. Year 7 also have the opportunity to attend a CSIRO Science workshop on 27 February. Permission notes and money should be forwarded to the office by 26 February.

In addition to the homework above, students are also expected to complete any extra homework set by the classroom teacher. The Science staff are looking forward to a productive year and we hope your child enjoys the experiences offered to them. Please don’t hesitate to contact the class teacher if you have any concerns or questions.

Mrs L Curran
Relieving Head Teacher Science

Thanks to all who donated.
## Mathematics Faculty

2014 is going to be an exciting and busy year for the Mathematics Faculty. This year we welcome Mr Russell Galt to the faculty as a permanent appointment and Mr Jonathon Hick who has joined us in a temporary capacity. We would like to congratulate our Year 12 students from 2013 as there were some outstanding results in the Mathematics Extension Courses and the Calculus based Mathematics Course.

This is the first year of the Australian Curriculum and we are implementing the new syllabus in Years 7 and 9. We have also implemented a new Numeracy Program in Years 8 and 9. This has enabled us to break the classes into three small groups of 10 students. One period per week they work on specific Numeracy skills with a Maths teacher. The aim of the project is to promote the development of everyday Numeracy skills and to enhance the students’ results in the NAPLAN tests later in the year.

**Breaking News - MATHSONLINE** is being provided by the school for all students this year – at no cost. This represents a significant investment for a school of our size and we would ask that all parents/carer encourage their children to access this valuable resource. This is an excellent resource and gives students an online resource which they can access at home to reinforce the concepts taught in class. Any student who hasn’t received their logon details should ask their Maths Teacher.

We ask that you take the time and ask your child to have a look at your child’s Mathematics Workbook. Parental support is crucial in the development of a child’s Mathematical skills. Even simply helping with their times tables, can assist them to develop strong Numeracy Skills.

**Jamie Furner**  
HT Mathematics

---

**Relay for Life**

In November 2013, a team of Warners Bay High School students from a range of years participated in the Newcastle/Lake Macquarie Relay for Life event held at Glendale. The aims of the Relay for Life are to raise awareness of the impact of cancer, on people’s lives, remember those we know who have fought cancer, and raise money in the hope that one day we find a cure. Our team members were Grace Bates, Amelia Coleman, Lloyd James, Elise Spradley, Shannon Yates, Isabella Elsworthy, Siobhan Hull, India Monaghan and Corey Sills. For our theme, we chose At The Movies, wearing film character costumes and decorating the tent with movie memorabilia.

We raised money at school as well during the event and altogether, raised over $2,500. One of the team organisers, India, was also a member of the Newcastle/Lake Macquarie Relay for Life Organising Committee, which meant that we were also given the Relay for Life merchandise table, with the profits from sales going to our team total.

We would like to thank the students and staff at Warners Bay High School for their support and donations to such a worthy cause. A big thanks to Lloyd James for taking one for the team as our entrant in Miss Relay. Information about this year’s Relay for Life event will be available in Term 3.

**India Monaghan, Siobhan Hull and Isabella Elsworthy**
**Library News**

We have started the year in the library with students loving the new sofas in the quiet reading area. It has taken some reorganisation to create the space but there is finally a place for comfortable reading and everyone agrees it is a welcome addition. We have also celebrated Library Lovers’ Day with book and treat giveaways, and conducted blind dates with books. It looks like it will be another great year of reading for the Principal’s Reading Challenge.

Year 7 students are beginning lessons in library orientation and will be confident users of the school network and the library. We encourage students to use the website BibMe http://www.bibme.org/ to create their bibliographies and they will be shown how to do this.

Happy reading,

Ms E. Moss  
Teacher Librarian

Dear Parents and Carers,

Domayne Commercial is pleased to offer you these specially priced education bundle deals. These devices have been selected by your school as being recommended for student use in the new BYOD program.

Through a partnership with the school, we can offer you a commercial pricing on your purchase (compare our prices!) while making sure you get the right device at the best price for your child’s education needs.

Benefits of taking up this offer include:

- Extremely competitive pricing – compare our prices!
- Get the right device for your child’s education
- 3 year Replacement Product Care (see in store for details) – included in all three packages.
- 3 year Norton 360 Internet Security (valued at $299) keeps the device secure, and includes Parental Controls to monitor your child’s internet use. Works on 5 devices so you can use it on your home computers too. Included in package two and three.
- 6 months Interest Free terms available to approved purchasers
- One point of contact if there is a problem or question (Domayne)

To take up this offer, please bring this flyer to Domayne, 18 Bradford Close, Kotara.

We will ask for a 20% deposit to order the device, and we will call when it is ready for pickup.

### UNIFORM SHOP TALK

Welcome back to a new school year. The Uniform Shop has been very busy over the last few weeks with new students arriving and all of our returning students coming in to buy their new uniforms.

**Volunteers**

I would like to say a huge thank you to all our hard working volunteers who helped out during the school holidays. I couldn’t have done it without you. Well done and many thanks.

**Senior Jerseys**

The much anticipated senior jerseys have arrived. Most have been collected, however there are still at least a dozen waiting to be claimed. If your’s is one of them please come in the usual shop hours to pick it up.

**Year 12 Bomber Jackets**

We still have a few that need to be collected.

**Sport Shorts**

Our sport shorts come in two lengths, standard (for the shorter length) and super (for the longer length). Both lengths are designed for boys and girls.

**Sport socks**

The sport socks come in sizes 2-7 and 7-12. They are thick and very comfortable and also long lasting. Buy a few pairs and you won’t have to worry about the sock monster stealing any.

**Payment Options**

Purchases may be paid for by cash, credit card or EFTPOS. Phone orders can be paid for with your credit card with orders being picked up by you or your child at your convenience.

**Online Orders**

Orders can be made via a link on the school website. Orders can be collected during normal shop hours.
